Quarterly Backlash Measurement Form

Axis backlash record (limit 0.015 mm)

This is sample documentation generated for an Atlas CMMS demonstration environment. It mirrors the structure of a real OEM document but does not contain proprietary manufacturer content.

1. Measurements

X-axis backlash: _____ mm

Y-axis backlash: _____ mm

Z-axis backlash: _____ mm

- Record in CMMS meter. If any axis > 0.015 mm, schedule ball-screw adjustment.

2. Sign-Off

Technician: _____ Date: _____
